

ACT – SAT TEST INFORMATION
2006-07

Since the vast majority of colleges will accept both ACT + Writing and SAT 1 scores, we recommend that our students take both tests. There is no way of knowing in advance the test on which a particular student will score higher. A student will never be penalized for a low score on one test, as the admissions office will only consider the score that will be most advantageous for the applicant. Some schools will pull subtest scores from different administrations of the test; i.e., combining May SAT 1 verbal with October SAT 1 math. So we recommend that students authorize release of all test scores to their colleges.

Lakota West offers the ACT + Writing in October and June. Lakota East offers the SAT in October and May. While students may take the tests as often as they like, we recommend that our students take both tests in the spring of their junior year, and repeat both in the fall of their senior year. Since we have no control over whom we test, it is important for students to register early (well in advance of the deadlines listed below) in order to secure places at the Lakota test sites.

When registering for the tests, you will need the following code numbers:

Lakota West (your home school)	365417
Lakota West ACT test site	202890
Lakota East SAT test site	36-625

You will also need the code numbers of the colleges and scholarship agencies that you wish to receive your scores. Since many schools now require that scores come directly from the testing company, be sure to designate your college choices on the test applications. These numbers can be found in the test registration booklets, available in the guidance office.
