# ACT and SAT Preparation Course

Preparation for these college entrance exams covers strategies for each type of question on the tests, detailed explanation of directions and practice using the strategies in order to strengthen weak areas of knowledge required for the exam. A full-length actual ACT exam will be given for practice during the course. Once actual ACT and/or SAT scores are received and analyzed, some students will be recommended for Phase 2, LEAP's ACT/SAT Individual Tutoring. For more information or to find out more about LEAP's ACT/SAT approach or subject area tutoring contact LEAP.
